Purpose and Use of Contracts:

C110080002 (Graybar Electric Company for GE brand), and C110080003 (City Lighting Products for Sylvania brand) are preferred use contracts established for state agencies to use for the purchase of a wide range of lighting supplies. State agencies are advised to check all contracts available (C112097001, C111207001, C111207002, and C111207003) to them for the purchase of these items and to choose the best product, best price, best delivery on the various contracts made available to them. All contracts are a “preferred use” contract which means that the contracts have been bid with the goal of providing good market pricing and product variety to state agencies. Agencies are encouraged to use preferred-use contracts but in rare instances where the state agency can obtain like or similar products that meet the state agency’s needs at a better price, then the agency has authority to purchase the items from other sources so long as the provisions of the Local Purchasing Authority Delegation are followed. The Delegation can be viewed and downloaded from the internet at this site: <http://oa.mo.gov/purch/agencyinfo/deptpad.pdf>.

Product Variety Available:
